editor's NOTE

EDITOR'S *note* **People Who Know Your World** EDITOR'S *note*

THAT AIN'T THE EEEVIL OF THE THRRILLAH, IT'S JUST… HALLOWEEN IN JULY!

EDITOR'S *note*

Because we list items months in advance, our calendars can get a bit wonky (timey-wimey?). So each July we bring you "Halloween in July", our annual celebration of the *ghoulest* night of the year! And once again, our July issue of ***PREVIEWS*** is filled with plenty of spooky comics, graphic novels, books, toys and collectibles!

Over on the *FlipSide* of this issue, we've got a special look at some of the Top Zombie Comics, with the likes of Simon Garth (he of the Old School shamblers) and *Army of Darkness*, *iZombie* and *Zombie Tramp* leading the pack of comic book zombies.

We're also gearing up for our fourth annual *Halloween Comic Fest*, once again falling on the best day of the week — *Saturday* — October 31st! Much like *Free Comic Book Day*, fans can go to their local (participating) retailers who will have a variety of free comics as treats for their loyal customers… and for first-time attendees too. Add to that such incentives as store specials, special guests, and other surprises (your experience may vary by store), and you're bound to have a great Halloween experience at your local comic shop. Go to page 25 for all the details on this year's Halloween Comic Fest comics, revealed in this issue for the very first time! And like previous years, you can order your own packs of this year's mini-comics (25 copies per pack!) to hand out at your home, making your house *"the most popular place on the block!"*

I'll soon be off to Sacramento California, where I'll meet up with my fellow Comics & Comix alum and all-around great guy, Chris Cade, for my annual pilgrimage to San Diego Comic Con! It's always a great time hanging out in San Diego for the week, drinking, dining, meeting up with friends old and new alike, and attending various panels.

Speaking of panels, if you're going to be at Comic Con this year, be sure to join me and my ***PREVIEWS*** pals for our second annual ***PREVIEWS*** panel! Fans in attendance will not only be able to learn a little bit about ***PREVIEWS*** history and how to use this invaluable publication (along with the premiere of our special animated how-to video), but a few lucky fans will leave with some cool prizes, just for showing up! We're scheduled for **Thursday, 7/9 at 12:30pm in Room 8** of the Convention Center… but be sure to check the event schedule in case of any unforeseen last-minute adjustments.

Have yourselves a great July, and please…
let's keep things safe and sane on the Fourth, people!

Your Pal @ ***PREVIEWS***,

Marty

PREDATOR

Release: OCTOBER 2015
SRP $149.99

The Predator series was a marked departure from the typical science fiction genre, with a unique concept: an invader from space, physically superior to humans, that enjoys hunting for sport. Now that Predator makes its appearance in the Variant Play Arts KAI series! The armor is designed to replicate bones. A mask and face reminiscent of a Japanese ogre, called oni. These qualities accentuate the terror inspired by the Predator, and express its brutal horror. Great care was put into the texture as well, and no detail was spared on the paintwork. The armor combines a sinister and flashy look, and its skin is a mix of red and white to bring out a fleshy tone. With its accessories the collector can create many ominous poses of the Predator.

Figures include display stand and interchangeable hand parts.

USER's guide

At first glance, *PREVIEWS* can be overwhelming because it's packed with tons of cool stuff. But there's a rhyme and reason to this mag-a-log and here's how to use it!

You now hold in your hands the latest issue of *PREVIEWS*, the monthly mag-alog dedicated to comics, graphic novels, toys and other pop-culture merchandise. If it's in your comic shop, it's in the page of *PREVIEWS*!

PREMIER COMICS BOOKS MAGAZINES TRADING CARDS APPAREL MERCHANDISE GAMES VIDEOS

What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings to easy-to-understand sections: Comics & Graphic Novels; Books; Magazines; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.

How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is is easy! There are **3** simple ways to order:

1 Use the Short Order Form.
Fill in with the items you'd like to order from this issue.

2 Ask for the companion Customer Order Form.
We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic shop by the due date on the cover!

3 Ask your retailer about their "Pull & Hold" service.
Many retailers offer a "pull & hold" or subscription service where you can order your monthly comics and merchandise easily. They'll hold your orders for you and you can pick up your items when it's convenient for you! Be sure to ask your retailer to give you a copy or ***PREVIEWS***, Marvel ***PREVIEWS***, and the ***PREVIEWS*** Customer Order Form each month so you can place your orders easily!

This month's featured creator is... CULLEN BUNN

Please tell us a bit about yourself!

I am the writer of a number of different comics, including books like *The Sixth Gun*, *Hellbreak*, and *Terrible Lizard* from Oni Press; *Harrow County* from Dark Horse; *Magneto* and *Deadpool's Secret Secret Wars* from Marvel; *Sinestro*, *Aquaman*, *Lobo*, and *Green Lantern Corps: The Lost Army* from DC; and *The Shadow* and *Masks II* from Dynamite. I also write short stories and novels, mostly horror. I grew up loving comic books, so I feel very fortunate to be able to create them for a living. Not only do I get to write stories, but I get to work with incredible artists like Brian Hurtt, Drew Moss, Tyler Crook, Joelle Jones, Brian Churilla, and dozens of others! I love seeing my ideas brought to life by these talented folks! And… once upon a time… I performed on stage as the "World's Youngest Hypnotist"! No fooling!

What are your favorite projects you've contributed to over the past decade?

That's a tricky question! Next year will be my 10-year anniversary of writing comics professionally, so I definitely have to list my first pro comic work, *The Damned* from Oni Press. I'm also extremely proud of *The Sixth Gun*, which will be wrapping up soon after 50 issues (and a few spin-offs). It's gratifying to be able to set out to tell a long-form story — and be afforded the opportunity to tell it! Recently, the first issue of *Harrow County* was released from Dark Horse, and I feel like this is a very personal story, something that is very true to me as a writer. It might be the book that represents who I am most clearly, and I have been so thrilled by the reaction to it.

The Sixth Gun Vol. 1 TP (OCT101087)

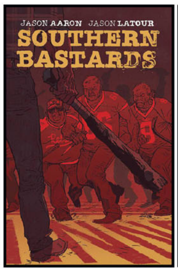
Terrible Lizard TP (DEC141591)

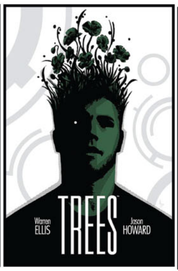
Magneto Vol. 1: Infamous TP (JUN140739)

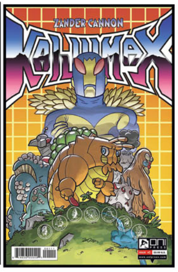
What are you currently working on?

As I mentioned earlier, I'm bringing *The Sixth Gun* to a close. The final arc of the series is epic to say the least. I've known where the story was headed since the first arc of the series, so it's exciting — if a little bittersweet and, at times, stressful — to see the final payoff coming together. Right now, there's some added excitement for me because Pinnacle Entertainment is adapting *The Sixth Gun* to a role-playing game. As a gamer from way back, I'm jazzed about that! I'm also working on *Hellbreak*, which is sort of an action-exorcist story about mercenaries retrieving lost souls from Hell. I've been working on that for a while, so I'm way ahead of the release schedule of the book. *Harrow County* from Dark Horse just launched. We've been calling the book a "Southern Gothic Fairy Tale" and I think that sums it up pretty well. The first issue sold out and is going to a second printing. I'm in the middle of writing the second arc and planning the third! And I'm also working on a book for Oni Press titled *Blood Feud: A Vampire Yarn... with Spiders*. It's the story of black magic and vampires (sorta) in the Missouri Ozarks — like the Hatfields and McCoys… if the Hatfields were flesh-eating monsters. That launches later in the year.

What fun titles are you reading?







Southern Bastards (*Vol. 1: Here Was a Man*—JUL140517) from Jason Aaron and Jason Latour is currently my favorite comic book series. From a very simple beginning, the Jasons have created a story that manages to take me by surprise with every issue!

Trees (*Vol. 1*—DEC140696) by Warren Ellis and Jason Howard is a wonderful science fiction story that I first encountered in trade, but now follow in singles.

KaijuMax (*#1* 2nd Printing—APR158439) from Zander Cannon is a giant monsters in prison story that is full of humor, heart, and tons of ideas I wish I'd come up with!

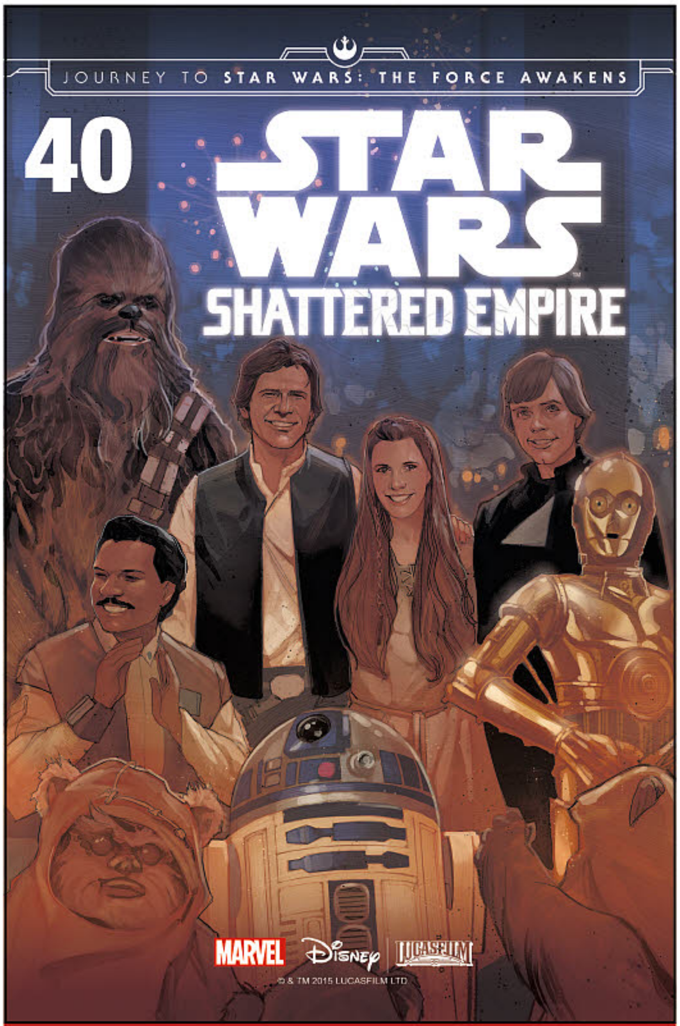
IN THE AFTERMATH OF ENDOR, THE REBEL ALLIANCE FACES THE *SHATTERED EMPIRE*



■ MARVEL PREVIEWS, $3.99, 32 PAGES, PAGE 40

In December, a new chapter in the *Star Wars* saga will begin when *Star Wars: The Force Awakens* -- the seventh *Star Wars* film and the first to take place after *Return of the Jedi* -- arrives in theaters. As the excitement for the new film builds, Lucasfilm and its partners will explore the aftermath of *Return of the Jedi* in a series of canonical projects debuting in September, and Marvel Comics leads the way with Greg Rucka and Marco Checchetto's *Star Wars: Journey to The Force Awakens: Shattered Empire!*

Emperor Palpatine's twenty-year reign of terror came to an abrupt and fiery end in the skies above the forest moon of Endor. A decisive victory for the Rebel Alliance, to be sure, but even with the loss of its leadership, the Empire's Moffs and regional governors retained their hold on important systems from the Core to the Outer Rim, thanks to the might of the Imperial Starfleet. Now, with a power vacuum atop the Empire, those Moffs will jockey for position and control, and the heroes of the Rebel Alliance will soon discover that a wounded and fractious Empire may be more dangerous than any threat they faced before!

Greg Rucka, the acclaimed writer of *Wolverine* and *Cyclops*, reteams with his collaborator on The Punisher, Marco Checchetto, for a *Star Wars* tale that will reveal the untold story of the aftermath of the Battle of Endor and the political machinations that ensued. The Rebellion's desperate struggle to liberate the galaxy from the Empire's tyranny will face new challenges, and Rucka and Checchetto will bring their incisive storytelling to a story that no *Star Wars* fan will want to miss.

A new addition to the *Star Wars* canon, *Star Wars: Journey to The Force Awakens: Shattered Empire* will take readers into uncharted territory and set the groundwork for the new *Star Wars* film. Put your *Empire Strikes Back* soundtrack in the stereo and cue up "The Imperial March" when you read Rucka and Checchetto's *Shattered Empire* this September!

IN THE FLOODED FUTURE, JAPAN IS AN OASIS IN IMAGE'S *TOKYO GHOST*

Human civilization has been remade thanks to global warming and toxic contamination, and most people live lives of blissed out digital pleasure to avoid thinking of the world around them, engaging with others only when they need their next fix. Los Angeles, once a gleaming city, is now a shell of its former self, a post-apocalyptic disaster zone of gangs and digital drug runners, and patrolling over the wreckage are the Constables.

Two of Los Angeles' finest -- Led Dent and Debbie Decay -- are about to embark on a trans-Pacific journey out of their urban wasteland in pursuit of justice in Tokyo Ghost, the new Image Comics series from Rick Remender and Sean Murphy. Instead of turning to technology in the aftermath of the environmental collapse, the Japanese turned back to nature, and two Constables from Los Angeles' mean streets are in for the shock of their lives!

EVEN SUPERHEROES HAVE TO PAY THEIR BILLS IN *THE PAYBACKS*

It's not cheap to be a super-hero. You have to have a secret lair, super science labs, more computer equipment than a land grant university's CompSci building, more gadgets that you can find in a novelty store, not to mention costumes and laundry and the occasional extreme medical bill. Suffice it to say, being a super-hero costs money, sometimes a lot of it, and, fortunately, banks are there to loan heroes the money they need. But when a hero gets overextended and stops making his payments, it's going to take a special kind of person to repossess a hero's equipment, someone like The Paybacks!

Dark Horse Comics reveals the practical side to super-heroics in the offbeat new series from Donny Cates and Eliot Rahal, *The Paybacks*, about a team of super-powered repo agents. When the city's grim vigilante is delinquent on the loan payment for his newest vehicle, they're the ones who show up to take possession of the vehicle. When the mortgage on a hero's lair goes underwater, they're the ones to handle the property auction. *The Paybacks* is the perfect super-hero book for the post-2009 market crash generation!

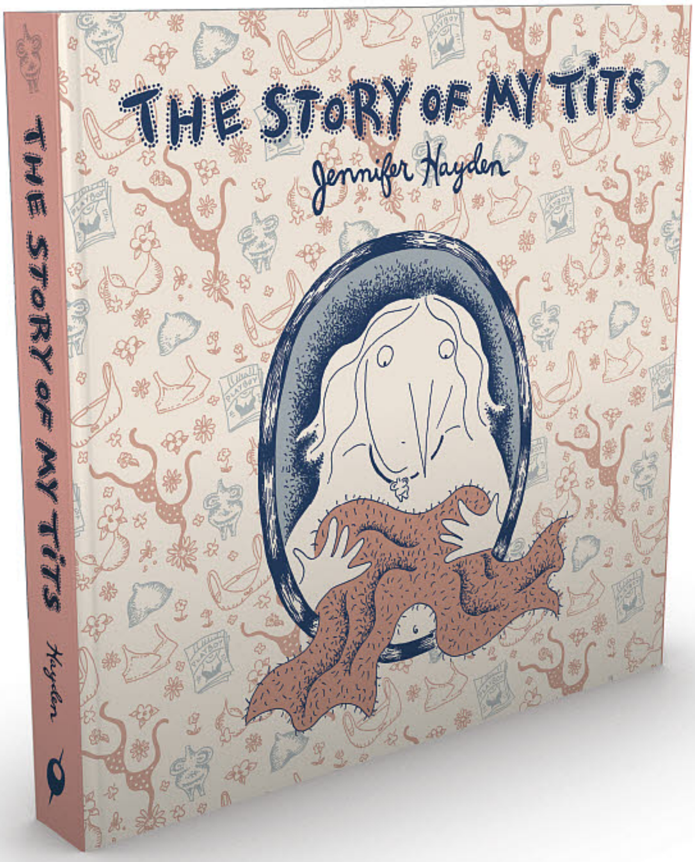
THE STORY OF MY TITS

Jennifer Hayden



A LANDMARK WORK OF GRAPHIC MEMOIR AND A CANCER NARRATIVE THAT PULLS NO PUNCHES.

When Jennifer Hayden was diagnosed with breast cancer at the age of 43, she realized that her tits told a story. Across a lifetime, they'd held so many meanings: hope and fear, pride and embarrassment, life and death. And then they were gone. Now, their story has become a way of understanding her story. Growing up flat-chested and highly aware of her inadequacies…heading off to college, where she "bloomed" in more ways than one…navigating adulthood between her mother's mastectomy, her father's mistress, and her musician boyfriend's problems of his own—not to mention his sprawling family. Then the kids come along…As cancer strikes three different lives, some relationships crumble while others emerge even stronger, and this sarcastic child of the '70s finally finds a goddess she can believe in.

For everyone who's faced cancer personally, or watched a loved one fight that battle, Hayden's story is a much-needed breath of fresh air, an irresistible blend of sweetness and skepticism. Rich with both symbolism & humor, *The Story of My Tits* will leave you laughing, weeping, and feeling grateful for every day.

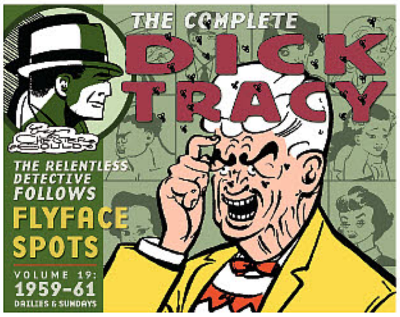
COMPLETE CHESTER GOULD'S DICK TRACY, VOL. 19: 1959-1961

writer/artist/cover
Chester Gould



Dick Tracy meets Spots (a small-time grifter who suddenly gets big-time ambitions), a hitman named Halfa Million and his brother, the syndicate boss "Willie-the-Fifth," plus a legal eagle named Flyface, one of **Chester Gould's** most visually memorable villains. Throw in a couple of skeletal remains, a death-dealing tidal wave, a gun moll named Olive Tomate, and the return of B.O. Plenty, Gravel Gertie, and a plump cereal-overeating Sparkle Plenty—then watch the sparks fly, as Dick Tracy nears its thirtieth anniversary in the complete strips from July 12, 1959 through February 19, 1961.

SANJAY & CRAIG GN
Papercutz

Sanjay and Craig has an old-school Nicktoons feel and it's pretty awesome!

Following the slapstick adventures and hijinks of 12 year-old Sanjay Patel and his crazy "master of disguise" pet snake, Craig, this fast paced, all-over the place cartoon is a fantastic mix of *SpongeBob Squarepants*, *Rocko's Modern Life*, and *Bob's Burgers* (for a younger audience) in all of the right ways. And we get this feeling for good reason. The team that put together this great new addition to the Nickelodeon line-up are veterans of the industry and know how to make a solid cartoon!

With Jay Howell, the character designer for *Bob's Burgers*, also doing designs for *Sanjay and Craig*, directors like Tom Yasumi of *SpongeBob* fame, and producers Will McRob and Chris Viscardi, who created *The Adventures of Pete & Pete* in the early 90s, how could you go wrong?!

Papercutz definitely hasn't! They take this cartoon straight from the small screen to the comics page not only in their all-new *Nickelodeon Magazine* (offered in the May 2015 ***PREVIEWS*** catalog), but now in its very own graphic novel! If you are a fan of the *SpongeBob* comics or just like classic 90s style cartoons, you should absolutely pick up the *Sanjay and Craig* graphic novel coming to a local comic shop near you this September!

Retail Price: $79.99
Cover: Jacen Burrows
Writer: John Russo, Mike Wolfer, David Hine
Art: Mike Wolfer, Dheeraj Verma, German Erramouspe
MR, Color, 5 Volumes: Zombie fans demanded it, the most unprecedented and horrifying night in American history continues as The Night of the Living Dead world expands with these shocking trade paperbacks! With stories set on that fateful evening in 1968 and expanding to the next generation in the 1970s, these tales expand the original frightening legend to new heights of undead horror. Shocking reports from rural areas continue to flood the airwaves with accounts of the recently deceased rising up to kill the living. Now government officials begin counter-measures to calm an increasingly panic-stricken public. Questioning whether or not the unbelievable stories are truth or simply an elaborate hoax perpetrated by militants opposed to the Vietnam War, the attention of the nation's Capitol is focused on a threat more believable, as thousands of protesters converge on Capitol Hill to voice their opposition to the War. This five volume collection includes the original Night of the Living Dead Volumes 1, 2, and 3 graphic novels along with the innovative 1970s follow up series Night of the Living Dead: Aftermath Volumes 1 and 2 presented in a one-of-a-kind value priced collector's slipcase.

PEANUTS: FRIENDS FOREVER TP
(W/A/CA) Charles M. Schulz
An original collection of full-color comic strips featuring the whole *Peanuts* gang — Charlie Brown, Snoopy, Linus, Lucy, and more — just in time for the 65th anniversary of the strip and the release of their first feature-length 3D film! Charlie Brown may be the most prominent character, and Snoopy the most loveable, but it's when the whole gang gets together that the real magic of Charles Schulz's iconic comic strip happens. In this collection of strips, never before published together in one book, Linus waits up all night for the Great Pumpkin, Peppermint Patty tries—and fails—to whip Charlie Brown's losing baseball team into shape, Lucy proves time and again that she can't be trusted with a football, and these beloved friends remind us why *Peanuts* remains the most popular comic series of all time. WILD'S END: THE ENEMY WITHIN #1 (OF 6)

Written by **Dan Abnett**
Illustrated by **I.N.J. Culbard**
Covers by **I.N.J. Culbard**, **Jake Wyatt** *(Jackpot Variant)*, **Rob Guillory** *(Ten Years Variant INCV)*, **Jeff Lemire** *(INCV)*
$3.99 • 32 Pages • Full Color

WHAT'S TO LOVE

The first ***Wild's End*** miniseries kept us in constant suspense with its unlikely mash-up of *War of the Worlds* and *The Wind in the Willows*. We're holding our collective breaths once again as author Dan Abnett *(Guardians of the Galaxy)* and illustrator I.N.J. Culbard *(The King in Yellow)* are set to play with the paranoia and "enemy amongst us" conspiracy theories prevalent in stories we love like *Invasion of the Body Snatchers* and *The X-Files*.

WHAT IT IS

As Clive, Susan, Fawkes, and the other survivors of the alien invasion of Lower Crowchurch try to cope with what just happened to their small town, the military arrives in an attempt to cover up the "incident." Town residents are immediately detained, questioned, and treated with suspicion. Are they alien spies, collaborators, sympathizers? Clive and the rest will need to escape imprisonment if they're to get the word out and warn the rest of the world in case the aliens return.

WILD'S END VOL. 1: FIRST LIGHT TP

Written by **Dan Abnett**
Illustrated by **I.N.J. Culbard**
Cover by **I.N.J. Culbard**
$19.99 • 160 Pages • Full Color

WHAT'S TO LOVE

We love smart takes on classic science-fiction mythos, and who better to take advantage of the iconography of H.G. Wells and *War of the Worlds* than Dan Abnett, one of comics' most renowned sci-fi writers and one of the creators responsible for the groundbreaking run on *Guardians of the Galaxy* that inspired the Marvel movie. Paired with I.N.J. Culbard who has made a name for himself with the critically acclaimed adaptation of H.P. Lovecraft's *At the Mountains of Madness*, it's a team perfectly built for the visually impactful adventure stories readers love.

WHAT IT IS

Lower Crowchurch is a small English community enjoying the peace of the 1930s, but when the town becomes the victim of an alien invasion, the residents' lives are upended by the harsh realities of life-and-death violence. Led by the town's outsider and retired war veteran, they will have to rally together to uncover the secret of their invaders and hope to fight back. Collects the complete six-issue miniseries.

JIM HENSON'S THE DARK CRYSTAL: CREATION MYTHS VOL. 3 HC

Written by **Matthew Dow Smith**
Illustrated by **Alex Sheikman**
Cover by **Brian Froud**
$24.99 • 96 Pages • Full Color • 7.25" x 11.25"

WHAT'S TO LOVE

It's been a surreal experience to be able to tell an original prequel story set in ***The Dark Crystal*** universe with the full collaboration of The Jim Henson Company. The film stands as an iconic fantasy story and we're excited to be contributing to its legacy. We're pinching ourselves because the best part has been being able to work with legendary conceptual designer Brian Froud!

WHAT IT IS

Presenting the stunning conclusion of the official prequel to the original ***The Dark Crystal*** movie. Following the events of the Great Conjunction, the once-powerful Urskeks have been split into two separate beings: the Skeksis and the Mystics. As the aftermath of the Great Conjunction wreaks havoc upon the Gelfling tribes, the Gelfling may have no choice but to rely upon the one race offering aid: the Skeksis. This volume features behind-the-scenes photos and concept sketches from The Jim Henson Company Archives documenting how creature and puppet designs that never made it into the film were adapted and brought to life on the comic page.

WHAT'S TO LOVE

Throw out your textbooks, this is not the Macbeth you remember. Mairghread Scott *(Transformers: Windblade)* and Kyla Vanderklugt *(Jim Henson's The Storyteller: Witches)* have reinvented Shakespeare's famous tragedy, but this time the power is in the hands of the three witches. These ladies aren't all "double, double, toil and trouble." They're the power controlling kings and the fate of Scotland.

WHAT IT IS

The three fates—Riata, Cait, and Smertae—have always been guiding and protecting Scotland unseen, indirectly controlling the line of kings according to the old religion. When there is a disagreement in the sisterhood, Riata and Smertae will use men as pawns, and Smertae will direct Macbeth to a crown he was never meant to have.

WHAT'S TO LOVE

We've been big fans of Tyson Hesse ever since we first discovered his webcomic *Boxer Hockey*. After cover stints on ***Adventure Time*** and ***Bravest Warriors***, we put him to the test with the tricky mixed-media art style of ***The Amazing World of Gumball*** and he just crushed it. Now, we're excited to be working with him on his first original series, a coming-of-age story with a cool fantasy airship twist that fans of *Tank Girl*, *Rocket Girl*, or Hayao Miyazaki's *Howl's Moving Castle* are sure to enjoy!

WHAT IT IS

Diandra Diesel isn't very good at anything. The daughter of the late Tungston Diesel, she has yet to live up to her father's great reputation. Her rival has inherited control of her family's airship and left Diandra the only job she's qualified for: working in a two-bit garage. But all that changes when a mysterious flying engine crashes into Diesel's life and takes her on a journey through the skies.

KABOOM! CELEBRATES THE 65TH ANNIVERSARY OF PEANUTS

2015 is the 65th anniversary of Charles M. Schulz's beloved ***Peanuts*** comic strip, and here at KaBOOM! (an imprint of BOOM! Studios), we're grateful for the opportunity to work with his estate to continue the legacy of Sparky's classic creation, which he personally worked on for 50 years!

To help commemorate this momentous anniversary, in September, we're releasing a brand-new original graphic novel, ***Peanuts: Where Beagles Dare***, and in October, we are proud to present ***Peanuts: A Tribute to Charles M. Schulz*** (advance solicited in this month's catalog). The tribute book contains a collection of pin-ups, strips, and short essays from some of today's best-known and up-and-coming cartoonists, comic artists, and webcomic creators as they honor Schulz for what his work has meant to them. It is very rare for the Schulz estate to allow other artists to illustrate Charlie Brown and the gang in their own signature styles, so we are honored to bring this very special project to ***Peanuts*** fans all over the world!

Here is but a small sample of the heartfelt essays accompanying the art you'll find in ***Peanuts: A Tribute to Charles M. Schulz***:

"***[The Peanuts]*** strip, unlike all the others with their complicated backgrounds and fussy cross-hatching, had a style that spoke to me. As I grew older, though, I realized that what set ***Peanuts*** apart wasn't how it looked. It was how it felt. This was what it was like to be that round-headed kid carrying the supper dish. This was what it meant to be a boy named Charlie Brown."

—Lincoln Peirce *(Big Nate)*, from his Introduction to *Peanuts: A Tribute to Charles M. Schulz*

"Charles Schulz was my hero. For me, he was the very definition of a cartoonist in every aspect, from work to lifestyle. His strong personal ethics made an indelible impression on me. But I echo many cartoonists today when I say the most powerful influence he had on me was "world building"—my words, not his. ***Peanuts*** was a fully formed world, and a place you'd rather be. That's a magic I've spent my career trying to reproduce."

—Terry Moore *(Strangers in Paradise)*

"Growing up, ***Peanuts*** was the comic strip I never quite understood but somehow couldn't stop reading. I didn't get why Charlie Brown kept going to kick the football again and again—I think that's a joke for adults, something that makes more sense now than it did when I was young. I just knew that I wanted to hang out in their cheerful town, go to summer camp, and play baseball with the gang. Also, as a shy kid who rarely spoke up, I wanted to be as tough as Lucy."

—Molly Ostertag *(Strong Female Protagonist)*

"Charles Schulz, Charlie, Snoopy, Lucy, Linus, Patty, and the rest of the gang didn't just teach us how to laugh at ourselves; they taught us how to live with ourselves."

—Ryan Sook *(X-Factor)*

"[Charles Schulz] showed the world what it takes to be a famous cartoonist. He is THE role model for all cartoonists. He definitely inspired me in my famous cartoonist journey. His inspiration is felt in every comic I create. It's true. My Patrick the Wolf Boy even wears a reversed Charlie Brown shirt. AW YEAH, HOMAGE!"

—Art Baltazar *(Tiny Titans)*

"Charles Schulz's creations were simply a part of life. Like trees, mountain ranges, rivers, lakes, the ocean, and the sky, they just always... were."

—Mike Allred *(iZombie)*

"For me, the single greatest thing about ***Peanuts***—the towering, inspirational central fact of its existence—is the fact that it was all the work of one cartoonist. Every line of dialogue, every shape delineated on the page, and every hand-drawn letter came out of one brain and was committed to paper by one hand. For fifty years. Fifty. Years."

—Roger Langridge *(Jim Henson's The Musical Monsters of Turkey Hollow, Snarked, Abigail and the Snowman)*

"You can see the influence of Schulz's cartooning in my own work; the way that his comics were more about expressive gestures and faces than they were about action (let's face it, those kids hardly had legs). I wanted to pay tribute to the most long-standing tomboy character in all existence, Peppermint Patty, because growing up as a tomboy myself, there weren't too many characters in media that I could really relate to. "

—Liz Prince *(Tomboy)*

"What can I say about my hero, and friend, Sparky? He and his magical, masterful, kind-hearted comic strip helped shape my life."

—Patrick McDonnell *(Mutts)*

"As a hopeful cartoonist, I loved the artwork in ***Peanuts*** for its style—the supremely appealing charming designs and unique simplicity. But Schulz's creation is deceptive in its simplicity. It may look sparse, but it's deep. And truly, my heart belonged to it because of the heart that was put into it—the charm, warmth, individuality, humor, gags, and heart of characters that came from one of the greatest cartoonists ever."

—Mike Kunkel *(Herobear and the Kid)*

WHAT'S TO LOVE

No one can deny the cultural impact of Charles M. Schulz's ***Peanuts***, and it has been a singular honor for us to be able to continue his legacy. In 2015, ***Peanuts*** celebrates its 65th anniversary, so we thought there was no better way to recognize Snoopy, Charlie Brown, and the rest of the gang than to invite some of the world's best-known names in comics, children's books, comic strips, cartoons, and webcomics to come together and show their love for Schulz.

WHAT IT IS

Peanuts: A Tribute to Charles M. Schulz is a giant love letter from creators new and old from comic strips to webcomics, children's books to comic books. Unprecedented at this scale, it is very rare for the Schulz estate to allow other cartoonists to illustrate the ***Peanuts*** gang in their own signature styles. This collection of original stories, pin-ups, and strips pay tribute to Schulz and the world of ***Peanuts***, and includes contributions from Matt Groening *(The Simpsons)*, Raina Telgemeier *(Smile)*, Jen Wang *(In Real Life)*, Patrick McDonnell *(Mutts)*, Stan Sakai *(Usagi Yojimbo)*, Terry Moore *(Rachel Rising)*, Mike Allred *(Silver Surfer)*, Paul Pope *(Battling Boy)*, and many more. WHAT'S TO LOVE

Mark Waid is not only our former editor-in-chief, but is also one of our favorite storytellers in comics, having amassed a long list of critically acclaimed hits in his 20-year career. Waid earned a legion of fans because his stories tended to ground seemingly infallible heroes; he showed the other side of what it's like to wear the capes and tights. We are proud to present Waid's award-nominated Irredeemable in a new collection of oversized, deluxe hardcovers for existing and new fans to enjoy!

WHAT IT IS

When the Plutonian, the world's greatest superhero, snaps and turns into the world's greatest villain, only his former teammates have a chance at stopping his rampage. But while on the run from the world's most powerful and angry being, will these former teammates discover his secrets in time? How did he come to this? What became of the hope and promise once inside him? What happens to the world when its savior betrays it? What makes a hero *irredeemable?* An apocalyptic superhero tale by the author of *Empire* and multiple Eisner Award winner *Kingdom Come!* Collects issues #1-8 of ***Irredeemable***.

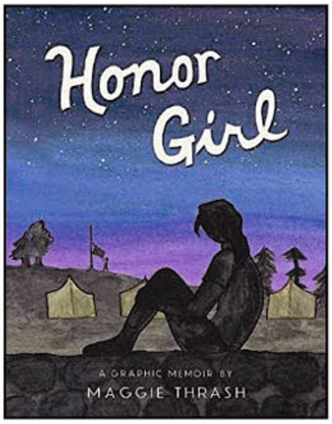
HONOR GIRL: A GRAPHIC MEMOIR GN

(W/A/CA) Maggie Thrash



All-girl camp. First love. First heartbreak. At once romantic and devastating, brutally honest and full of humor, this graphic-novel memoir is a debut of the rarest sort. Maggie Thrash has spent basically every summer of her 15-year-old life at Camp Bellflower for Girls, deep in the heart of Appalachia. She's from Atlanta, she's never kissed a guy, she's into Backstreet Boys in a really deep way, and her long summer days are full of a pleasant, peaceful nothing… until one confounding moment. A split-second of innocent physical contact pulls Maggie into a guttwisting love for an older, wiser, and most surprising of all (at least to Maggie), female counselor named Erin. But Camp Bellflower is an impossible place for a girl to fall in love with another girl, and Maggie's savant-like proficiency at the camp's rifle range is the only thing keeping her heart from exploding. When it seems as if Erin maybe feels the same way about Maggie, it's too much for both Maggie and Camp Bellflower to handle, let alone to understand. Humans have begun to colonize Mars, but something ancient and sinister got there first. Now Vampirella is faced with a mystery only she can solve, and the bloody realization that some monsters should never be awakened.

Writer Corinna Bechko says, "I've loved Alien since I first saw it as a kid on a crummy old TV in a well-lit room and got scared half to death anyway. Now that I have the chance to add a little corner to that universe I couldn't be happier. And pitting such an implacable horror against Vampirella? That's a meeting that definitely produces very fertile story-telling ground. The Alien franchise has always thrived with strong women in the lead. Smart, self-assured Vampirella is a joy to write for, even when she may have met her match."

It's the ultimate heavy metal crossover as the original shock rocker meets the original death metal comic book universe! Bizarre nightmares are plaguing Evil Ernie, Chastity and Purgatori, and though they hate each other's guts, they may have to join the teen monster team called The Chosen to find the one and only Alice Cooper!

Co-writer Tim Seeley says, "I'm excited to work with my friend Jim Terry on the perfect mash-up of our favorite things. Dynamite is a great place to make crossovers, and this one will be pure metal. Raise your devil hand, fiends."

Co-writer and artist Jim Terry says, "Diving headfirst into the CHAOS universe has been incredible, like being pushed out of a plane into a combat zone filled with gods, nut jobs and the most gorgeous women you could fathom. I'm doing my best to keep up with it and hopefully kick in a little dramatic flair, as well as Tim and my own particular brand of madness. More than 200 years ago, Voltron Force fought its final battle against the Drule Empire. Voltron has not moved since that battle, but his legacy lives on. Now, an ancient enemy has arisen, and a new Voltron Force must be chosen to pilot the Defender of the Universe!

Writer Cullen Bunn says, "You don't grow up in the day and age of my childhood without developing a deep and abiding love for Voltron, so writing the adventures of such an iconic giant robot is a real thrill and a treat. With this story, I hope to show a couple of different sides of Voltron, one vibrant and exciting like the old cartoons, and one a little more dark and even frightening. This dichotomy should be a lot of fun for readers and allow me to explore different sides of the characters involved. For me, Voltron has this mythic quality that I really want to delve into, and I'm excited to see what fans think of my contribution to the Voltron legend!"

Oscar Award-winning writer/director and Django creator Quentin Tarantino teams with Eisner Award-winning comic book creator Matt Wagner to write the official Django Unchained sequel, uniting the gun-blazing Western hero with the legendary swordsman of literature, film, and comics: Zorro!

Set several years after the events of Django Unchained, Django again pursues evil men in his role as a bounty hunter. Taking to the roads of the American Southwest, he encounters the aged and sophisticated Diego de la Vega by sheer chance. Django is fascinated by this unusual character, the first wealthy white man he's met who seems totally unconcerned with the color of his skin... and who can hold his own in a fight. Django hires on as Diego's bodyguard, and is soon drawn into a fight to free the local indigenous people from brutal servitude. Learning much from the older man (as he did from King Schultz), he discovers that slavery isn't exclusive to his people, as he even dons the mask of Zorro in their mission of mercy!

"I'm very, very excited about both this story and the opportunity to work with Matt. It was reading his Zorro stories that convinced me what a good idea it was to join these two icons together. The story idea we came up with is thrilling, and I think will be an exciting new chapter for both characters." — QUENTIN TARANTINO

"Sassy and reverential. Django... in this adventure alongside Don Diego de la Vega... seems timeless." — COMIC BOOK RESOURCES

Out of print for nearly 25 years and one of *Rolling Stone's* Top 50 Non-Super Hero graphic novels of all time, *The Puma Blues* is a series of interrelated stories that visualize life at the turn of the 21st century as a world of mutated animals, in which a lone government agent investigates the truth behind environmental degradation. Written by Stephen Murphy, the most prolific *Teenage Mutant Ninja Turtles* author of all-time, and illustrated by Michael Zulli, artist on *The Sandman*, this deluxe hardcover edition unveils the never-before-seen ending, includes a foreword by Dave Sim, an afterword by Stephen Bissette, and a new story by Alan Moore. STEP ASIDE, POPS!: A HARK! A VAGRANT COLLECTION HC
(W/A/CA) Kate Beaton
Ida B. Wells, the Black Prince, and Benito Juárez burst off the pages of *Step Aside, Pops: A Hark! A Vagrant Collection*, armed with modern-sounding quips and amusingly on-point repartee. Kate Beaton's second D+Q book brings her hysterically funny gaze to bear on these and even more historical, literary, and contemporary figures. Irreverently funny and carefully researched, no target is safe from Beaton's incisive wit in these satirical strips. Beaton returns with a refined pen, ready to make jokes at the expense of hunks, army generals, scientists, and Canadians in equal measure. With a few carefully placed lines, Beaton captures the over-the-top evil of the straw feminists in the closet, the disgruntled dismay of Heathcliff, and Wonder Woman's all-conquering ennui.

HARK! A VAGRANT HC (NEW PTG)
(W/A/CA) Kate Beaton
Hark! A Vagrant is an uproarious romp through history and literature seen through the sharp, contemporary lens of *New Yorker* cartoonist and comics-sensation Kate Beaton. No era nor tome is left unscathed as Beaton rightly skewers the Western World's revolutionaries, leaders, sycophants, and suffragists while equally honing her wit on the hapless heroes, heroines, and villains of the best-loved fiction. In just four years, Beaton has taken the comics world by storm with her non sequiturs, cheeky comebacks, and irreverent punch lines. (STK450234)

She believes that anyone can be a writer and she has set out to prove it. *Syllabus: Notes from an Accidental Professor* is the first book that will make her innovative lesson plans and writing exercises available to the public for home or classroom use. Barry teaches a method of writing that focuses on the relationship between the hand, the brain, and spontaneous images, both written and visual. *Syllabus* takes the course plan for Lynda Barry's workshop and runs wild with it in Barry's signature densely detailed style. A dark fairy tale about surviving the human experience, *Beautiful Darkness* is a harrowing look at the human psyche and the darkness that hides behind the routine politeness and meaningless kindness of civilized society. The sweet faces and bright leaves of Kerascoët's joyful watercolors only serve to highlight the evil that dwells beneath, as characters allow their pettiness, greed, and jealousy to take over. It a bleak allegory on the human condition; Kerascoët's and Fabien Vehlmann's work is a searing condemnation of our vast capacity for evil writ tiny. (STK622626)

Jillian Tamaki is best known for co-creating the award-winning young adult graphic novels *Skim* and *This One Summer*, moody and atmospheric bestsellers. *SuperMutant Magic Academy*, which Jillian has been serializing online for the past four years, deftly plays superhero and high school Hollywood tropes against what adolescence is really like: the Super-Mutant Magic Academy is a prep-school for mutants and witches but their paranormal abilities take a back seat to everyday teen concerns. This volume combines the most popular content from the webcomic with a selection of all-new, never-before-seen strips that conclude Jillian's account of life at the Academy. (STK668388)

TEENAGE MUTANT NINJA TURTLES #50
IDW Publishing

As a kid growing up in the 90's, the rooftop battle between the Ninja Turtles and Shredder was one the coolest cinematic moments of my youth. The *Teenage Mutant Ninja Turtles* cartoon was so silly, but the movie was anything but. The movie took the Turtles seriously and the duel on the rooftop showed the Turtles going 4 against 1 and they didn't have enough. The good guys couldn't do it! It was mind blowing to a kid that just maybe good wasn't going to triumph over evil.

The IDW run of *TMNT* is nearing its 50th anniversary issue and it's looking like we're about to have another epic confrontation between our favorite mutants and Shredder, the leader of the Foot Clan!

With Kevin Eastman having signed an exclusive contract with IDW at ECCC this year, IDW is pulling out all the stops to ensure that this final confrontation between the forces of good and evil makes just as much of a mark on this generation as the movie rooftop battle did on mine.

Be sure to pick up *Teenage Mutant Ninja Turtles* #50 from IDW this September to see if the Turtles are able to beat their greatest adversary or if the Shredder finally gets his chance for a taste of that turtle soup he's been craving for decades.

From the celebrated *New Yorker* cartoonist and acclaimed author of Cancer Vixen, a brilliant, funny, and wildly imaginative first novel: the story of an influential gossip columnist brought face-to-face with her higher self — and a challenge to change her life for the better. Glamorous, superconnected Ann Tenna has ascended to the zenith of the New York media scene, attended by groups of grovelers all too willing to be trampled on by her six-inch Giuseppe Zanottis if it means better seats at the table. But as high as her success has taken her, Ann has actually fallen far from her true self. It takes a near-fatal freak accident on her birthday — April Fool's Day — and an intervention from her cosmic double in a realm beyond our own to make Ann realize the full cost of the humanity she has lost. The small town of Elk's Ridge was founded as a closed haven, dreamt up by Vietnam veterans looking to create a utopia: a home without violence, chaos, or corruption. And in the beginning, it seemed like it might actually work. However, years later, the town has become a powder keg. When a desperate bid for freedom results in the accidental death of a child, the town must decide what terrible acts they are willing to commit in order to preserve their way of life. And the youth of the sleepy town—those who never chose to live that life—must forsake all they know in order to stand up for what is right.

AMAZING FANTASTIC INCREDIBLE: A MARVELOUS MEMOIR GN
(W) Stan Lee, Peter David
(A/CA) Colleen Doran
In this gorgeously illustrated, full-color graphic memoir, Stan Lee — the comic book legend and co-creator of Spider-Man, the X-Men, the Avengers, the Incredible Hulk, and a legion of other Marvel superheroes — shares his iconic legacy and the story of how modern comics came to be. Stan Lee is a man who needs no introduction. He has been the leading creative force behind Marvel Comics, and has brought to life some of the world's best-known heroes and most infamous villains throughout his career. Lee put the human in superhuman and in doing so, created a new mythology for the twentieth century. In this beautifully illustrated graphic memoir, illustrated by Colleen Doran, Lee tells the story of his life with the same wit, energy, and offbeat spirit that he brought to the world of comics. Moving from his impoverished childhood in Manhattan to his early days writing comics, through his military training films during World War II and the rise of the Marvel empire in the 1960s to the current resurgence in movies, *Amazing Fantastic Incredible* documents the life of a man and the legacy of an industry and career. STEP ASIDE, POPS! TP

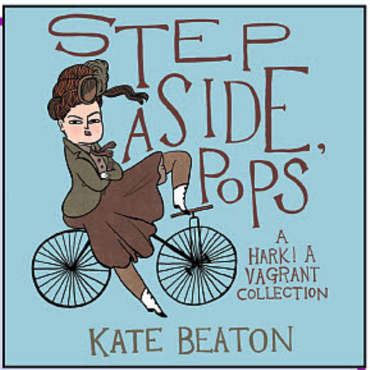
Drawn & Quarterly



Explaining Kate Beaton's *Hark! A Vagrant* comic strip series to the uninitiated tends to go poorly, as it involves words like "history" and "literature." However, there are a ton of reasons why you should read not only her first volume, *Hark! A Vagrant*, but her newest collection *Step Aside, Pops* as well.

Jumping into Kate Beaton's idiosyncratic comic strip collection is an unpredictable fistful of history to the face. Or perhaps it's an arresting impact of literature. Or maybe fat ponies. It's hard to say, really. She will not be contained, and since she's won all the awards, there's absolutely no editor on this earth that would try.

Beaton takes the reader on giggle-snort gallops into realms of knowledge. She'll feed you all kinds of amazing facts about things that happened to famous figures, at speed, with flair and far too much enthusiasm, like a historical, literary pie to the face. You'll find yourself flipping page after page, munching her playful japes like potato chips, immune to the demands of time or reason. Her humor hypnotizes and beguiles. Her pencil capers and cavorts. You will finally find someone else who has the same misgivings about *Wuthering Heights* as you do! Here is a woman who understands how truly sassy the ancient romans could be! You will no longer be alone to face your fears about our founding father's possible reactions to today's consumer culture! (Benjamin Franklin is all about it. 100%. No worries.) You will experience it all like a glorious 160 page plate of jalapeño poppers: bite-sized and spicy!

Opposing the Caped Crusader on screen and on your shelf is a brand new character with an awesome look, the ARKHAM KNIGHT! A mysterious combatant who hates Batman and wants to see him suffer, the Knight wears a unique costume with a camouflaged bodysuit, armored extremities, a low-slung utility belt, the Arkham "A" symbol on his chest, and of course a seemingly Batman-inspired helmet with pointed "ears." the mystery man barrels forward toward his sworn enemy, one arm up to bash through any resistance and the other holding out a pistol at the ready!

MARVEL COMICS EMMA FROST
ARTFX+ STATUE

Kotobukiya's hit line of Marvel Comics' Avengers ARTFX+ Statues paved the way for the next incredible comic-based series in this great scale, the X-Men of Marvel Now! Following after team leader Cyclops is the White Queen herself, **EMMA FROST!** One of the most popular mutants ever, Emma is a powerful telepath who can also transform into a diamond form. The mutant stands with her feet apart for balance, pointing one hand toward you while the other is poised by her head to help focus her tremendous telepathic abilities. Emma wears a very distinctive (and revealing) costume consisting of thigh high boots, gloves, a one piece bodysuit with an extreme cut out, a wide belt, and a long flowing cape with attached sleeves, collar, and armored shoulder pads! Sculpted by the same master artist who did the Marvel Now! Avengers series, Junosuke Abe, Emma Frost stands over 7.5 inches tall (in the ARTFX+ 1/10th scale) on her included magnetic display base. Join the telepathic mutant with previously released Cyclops (sold separately) and the rest of the X-Men team coming soon!

STEP ASIDE, POPS TP
Drawn & Quarterly

Explaining Kate Beaton's *Hark! A Vagrant* comic strip series to the uninitiated tends to go poorly, as it involves words like "history" and "literature." However, there are a ton of reasons why you should read not only her first volume, *Hark! A Vagrant*, but her newest collection *Step Aside, Pops* as well.

Jumping into Kate Beaton's idiosyncratic comic strip collection is an unpredictable fistful of history to the face. Or perhaps it's an arresting impact of literature. Or maybe fat ponies. It's hard to say, really. She will not be contained, and since she's won all the awards, there's absolutely no editor on this earth that would try.

Beaton takes the reader on giggle-snort gallops into realms of knowledge. She'll feed you all kinds of amazing facts about things that happened to famous figures, at speed, with flair and far too much enthusiasm, like a historical, literary pie to the face. You'll find yourself flipping page after page, munching her playful japes like potato chips, immune to the demands of time or reason. Her humor hypnotizes and beguiles. Her pencil capers and cavorts. You will finally find someone else who has the same misgivings about *Wuthering Heights* as you do! Here is a woman who understands how truly sassy the ancient romans could be! You will no longer be alone to face your fears about our founding father's possible reactions to today's consumer culture! (Benjamin Franklin is all about it. 100%. No worries.) You will experience it all like a glorious 160 page plate of jalapeño poppers: bite-sized and spicy!

SANJAY & CRAIG GN
Papercutz

Sanjay and Craig has an old-school Nicktoons feel and it's pretty awesome!

Following the slapstick adventures and hijinks of 12 year-old Sanjay Patel and his crazy "master of disguise" pet snake, Craig, this fast paced, all-over the place cartoon is a fantastic mix of *SpongeBob Squarepants*, *Rocko's Modern Life*, and *Bob's Burgers* (for a younger audience) in all of the right ways. And we get this feeling for good reason. The team that put together this great new addition to the Nickelodeon line-up are veterans of the industry and know how to make a solid cartoon!

With Jay Howell, the character designer for *Bob's Burgers*, also doing designs for *Sanjay and Craig*, directors like Tom Yasumi of *SpongeBob* fame, and producers Will McRob and Chris Viscardi, who created *The Adventures of Pete & Pete* in the early 90s, how could you go wrong?!

Papercutz definitely hasn't! They take this cartoon straight from the small screen to the comics page not only in their all-new *Nickelodeon Magazine* (offered in the May 2015 ***PREVIEWS*** catalog), but now in its very own graphic novel! If you are a fan of the *SpongeBob* comics or just like classic 90s style cartoons, you should absolutely pick up the *Sanjay and Craig* graphic novel coming to a local comic shop near you this September!

TEENAGE MUTANT NINJA TURTLES #50

IDW Publishing

As a kid growing up in the 90's, the rooftop battle between the Ninja Turtles and Shredder was one the coolest cinematic moments of my youth. The *Teenage Mutant Ninja Turtles* cartoon was so silly, but the movie was anything but. The movie took the Turtles seriously and the duel on the rooftop showed the Turtles going 4 against 1 and they didn't have enough. The good guys couldn't do it! It was mind blowing to a kid that just maybe good wasn't going to triumph over evil.

The IDW run of *TMNT* is nearing its 50th anniversary issue and it's looking like we're about to have another epic confrontation between our favorite mutants and Shredder, the leader of the Foot Clan!

With Kevin Eastman having signed an exclusive contract with IDW at ECCC this year, IDW is pulling out all the stops to ensure that this final confrontation between the forces of good and evil makes just as much of a mark on this generation as the movie rooftop battle did on mine.

Be sure to pick up *Teenage Mutant Ninja Turtles* #50 from IDW this September to see if the Turtles are able to beat their greatest adversary or if the Shredder finally gets his chance for a taste of that turtle soup he's been craving for decades.

HALLOWEEN COMIC FEST:

TOP 10 ZOMBIE COMIC BOOKS

Zombies have become one of the most popular monsters in recent years. First appearing in folklore and legend, these undead creatures soon moved to the silver screen in movies like *White Zombie*, *Zombies of Moro Tau*, *Tombs of the Blind Dead*, and the original *Night of the Living Dead*… which changed the modern Zombie from the shambling, hypnotized beings or yore to the flesh-eating ghouls we know and love today.

halloweencomicfest.com HALLOWEEN ComicFest October 31 2015

Over the years, Zombies also made their way into the comics. In the pages of EC's *Tales from the Crypt* and Atlas/Marvel's *Menace* (birthplace of Simon Garth, the *Zombie*!), the reanimated corpses of the dead became favorites of kids and the bane of the establishment. Since the early '50s, zombies have come in and out of style in comics, even undergoing some name changes to avoid the archaic rulings of the Comics Code Authority ("zuvembies" anyone?).

But today, Zombies rule (and drool!) comics, and it seems like this unstoppable army of the dead is just that: unstoppable. With *The Walking Dead* ruling comics and TV (with two series!), and Marvel's *Secret Wars* "Battleworld" playing host to an entire realm dedicated to their "*Marvel Zombies*", it seems like there they're everywhere. And they are!

So here then, for your enlightenment and enjoyment, we present our **Top 10 Zombie Comic Books**. These things are quite subjective, and we may not see eye-to-eye on what we consider Top Zombies, but you can't argue that these aren't some of the beast flesh-eaters and brain-gnashers around (presented *in no particular order*)!

FLIP*side*

SIMON GARTH: THE ZOMBIE!

Marvel Comics

Simon Garth was a man cursed to walk the Earth as the living dead, first appearing in the 1950's in the pages of Atlas/Marvel's *Menace* #5, in the Stan Lee/Bill Everett story, "Zombie!" Years later, in the '70s, Simon Garth would walk the Earth again in the pages of Marvel's B&W Tales of the Zombie magazine, which ran for 10 issues!

Marvel Masterworks: Atlas Era Menace Vol. 1 HC (MAY090566)

DEADWORLD

IDW Publishing

Originally written and illustrated by Vince Locke, *Deadworld* had a storied publishing history, appearing sporadically throughout the '90s to today; a post-apocalyptic saga following a band of survivors pursued by the motorcycle riding "King Zombie"… definitely a more supernatural take on the zombie apocalypse!

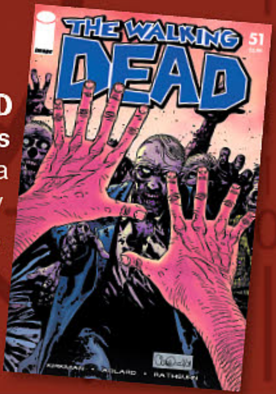
Deadworld Omnibus Vol. 1 TP (NOV100400)

iZOMBIE

DC Comics/Vertigo

Now a hit TV series, DC/Vertigo's *iZombie* follows Gwendolyn "Gwen" Dylan, 20-something gravedigger in an eco-friendly cemetery. Once a month she must eat a human brain to keep from losing her own memories… but eating those brains gives her the deceased's thoughts and personality, spurring her on to fulfill their last request, solve a crime or right a wrong.

iZombie Vol. 1: Dead to the World TP (DEC100299)



THE WALKING DEAD

Image Comics

The benchmark, one that all others are measured by. Robert Kirkman's *The Walking Dead* is a multi-media juggernaut, spawning TV series, video games, merchandise, memes and plenty of imitators. It is a unique property, in that it plays to two different audiences (print and TV), yet also attracts both.

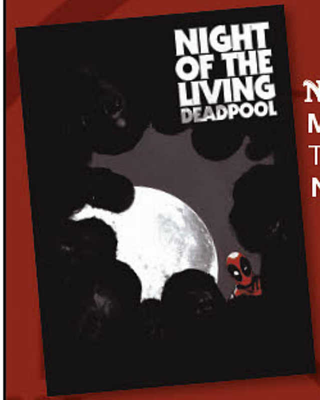
The Walking Dead Compendium Vol. 1 TP (MAR092419)

ZOMBIE TRAMP

Action Lab

Dan Mendoza's *Zombie Tramp* is a supernatural call-girl gifted with supernatural powers and a bod that quit. But that doesn't stop our gal from plying her trade in the world's oldest profession. Or eating brains.

Zombie Tramp TP (JUN130714)



NIGHT OF THE LIVING DEADPOOL

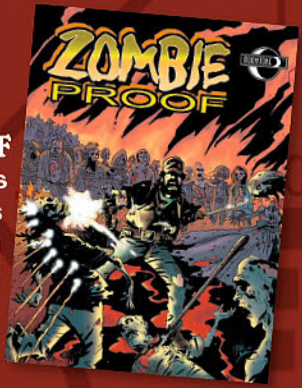
The "Merc' with a Mouth" vs. Zombies. Nuff Said!

Night of the Living Deadpool TP (MAR140768)

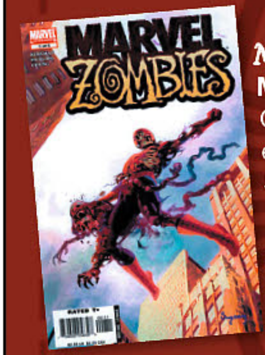


ZOMBIE PROOF

Moonstone Books

Billy Bob Driwahl (a good ol' boy handyman based on comics writer Beau Smith) was considered a nut-job when he offered "zombie-proofing" as a part of his services. So when the zombie apocalypse came, who was the crazy one?

Zombie Proof HC (MAR121126)

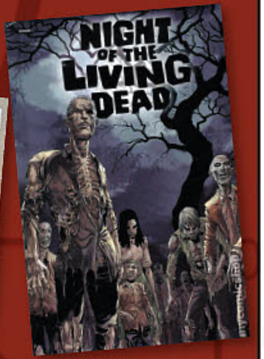


MARVEL ZOMBIES

Marvel Comics

Once a derogatory term for comics fans who bought nothing but Marvel comics, Marvel Comics embraced the moniker and gave it a new (un)life as their cult-classic *Marvel Zombies* line. Spinning out of a bizarre dimension-hopping epic involving the Ultimate Fantastic Four and an alternate Earth designated "Earth-2149", this series lead to multiple sequel series, and a chunk of prime real estate located in 2015's *Secret Wars* "Battleworld"!

Marvel Zombies Zomnibus HC (APR120685)



NIGHT OF THE LIVING DEAD

Avatar Press/Double Take

Spawned from George Romero's 1968 cult-classic (and its many cinematic sequels), publishers like Avatar Press and Double Take (see Pages 343-346 this month for their listings!) launched their own zombie epics that took the films as their starting points and went well beyond them into new realms of zombie horror...

Night of the Living Dead Vol. 1 TP (APR100765)

ARMY OF DARKNESS

Dynamite Entertainment

Sam Raimi's *Evil Dead* protagonist Ash Williams was sent back in time to the Medieval era to face the Army of Darkness, an undead horde known as the "Deadites"… but let's face it, they were zombies (and skeletons)! Armed with his massive chin, chainsaw, and bad attitude, they didn't know what hit them! At least until the various sequels and specials…
